Periods of Participation

A participant is a student with 12 contact hours of adult education services

A period of participation begins each time a participant enrolls in an Adult Education program

A student can have multiple PoPs but this is RARE. We had ~50 students with more than one PoP

When a student exits a program, a new PoP begins when 90 days have lapsed since the last date of service.

Example: A student enrolls in September, exits in December, and re-enrolls in May. The student has 2 PoPs.

For all performance indicators, each PoP is counted separately.
