THE SUPPORT YOU NEED TO HELP YOUR STUDENTS FINISH!

ICCB is pleased to announce additional support for adult learners who are working to complete the GED® and obtain their high school diploma. ICCB is now providing vouchers to adult education programs, upon request, to distribute to students. This is a great time to prompt partial GED® completers to finish their final subject tests and obtain that diploma!

Below are some resources to help teachers and administrators help their students finish!

For addtional support, **attend a virtual, open office hour session** to ask questions or brainstorm ideas related to helping students finish their GED®. Open office hours mean you may enter or leave at any time during the hour. Join your peers to learn and discuss resources and strategies to help students succeed with the GED® test!

GED® 3 of 4 Ideas

GED® tracks students who have completed 3 of 4 GED® sub-tests (i.e., those who only have one test until full completion). Local programs can access a 3 of 4 report from GED Manager to create their own contact list to encourage students to return and finish their last test.

In 2022 and 2023, a state-wide 3 of 4 campaign was run in Illinois, where we contacted 3 of 4 students and encouraged them to complete their GED® tests. The recording of the kickoff webinar for that campaign has a wealth of resources individual programs can use. The recording of the 2022 bootcamp/GED® 3 of 4 webinar (slidedeck) is available here.
