It has come to our attention that we need to provide awareness and support for **Co-Enrollment** practices. We will discuss this topic at an upcoming DAISI virtual learning community on November 12th at 2:00 pm. To get us started in our understanding, here is a definition and a short how-to for inputting into DAISI.

Again, Co-Enrollment is **an individual who is a Participant and/or Reportable in more than one WIOA partner program within a program year.** Co-enrollment is *not* trying to share students across CBOs, school districts, or community colleges. It is also not an alternative methods of credentialing.

Entering Co-Enrollment into DAISI
Here is a screenshot of where and how to indicate through DAISI, that a student is co-enrolled:

Student Name: ████████
